

A Gem in Ontario's New Greenbelt

Congratulations to the Ontario government for creating an amazing buffer against urban sprawl, one that encompasses the entire Golden Horseshoe area. In Pickering, the Greenbelt, approved Feb. 28, has also been laid over the Duffins-Rouge Agricultural Preserve.

The Herongate Barn Dinner Theatre is located in the heart of the 'Ag Preserve' and is celebrating 30 years of top-quality entertainment. Dinner and a show are presented in a beautiful old dairy barn featuring hand-hewn beams and a cosy atmosphere.

Delicious meals are served up on the lower level and include a fresh salad

bar and homemade soup. Four entrees and home-baked desserts, along with live piano music, ensure an enjoyable and relaxing start to the evening.

Follow all this with a hilarious comedy and you have the combination for an unforgettable night out. Celebrate a birthday or anniversary at Herongate, get your group together or raise some money with a fundraiser. It all happens at Herongate.

Celebrate this beautiful green space on Sunday, June 12, at Herongate's Green Festival, with a day of family fun. 🍁
