

No Bad Hair Days Here

GETTING A POOR HAIR CUT AND COLOUR JOB can be very upsetting. So finding a salon that can correct mistakes is wonderful. Here's a recent testimonial from a new client.

"I found the team of professionals at Dolce Vita Salon and Spa took the time to listen to me. As a new client looking for help to repair a bad cut and colour done elsewhere, the team, including the owner, made sure that I got the look I wanted.

"They put me on a program that repaired my damaged hair, gave me an expert cut and properly applied colour, along with hair extensions, that made me feel like a new woman.

"To the team at Dolce Vita, thank you for listening." ✨
